

## **Independent Neurorehabilitation Providers Alliance**

**ensuring excellence in Neurorehabilitation**

INPA is a new and dynamic group established to ensure neurorehabilitation is delivered by organisations employing appropriately trained and experienced staff in environments conducive to the rehabilitation process. The founder members come from a variety of providers all with the common aim of providing excellence in neurorehabilitation.

### **Statement of Standards**

**Each organisation must provide evidence to show that it achieves the following criteria:**

#### **Organisational structure**

Have a staffing structure that is made up of key significantly trained and experienced professionals in the provision and delivery of neurorehabilitation for individuals within their service.

#### **HPC registered staff groups**

Evidence that it contracts / employs a minimum of four distinctly different Health Professions Council (HPC) registered professional groups trained and experienced in neurorehabilitation.

#### **Staff training**

Provides and delivers regular training to all staff that is specific to the practice of neurorehabilitation.

#### **Staff supervision by a neurorehabilitation specialist**

Members of its inter-disciplinary team are regularly being supervised by those who have demonstrable experience and expertise in the field of neurorehabilitation.

#### **Specialist interest groups within their discipline**

Staff are members of relevant specialist interest groups within their discipline that facilitate keeping abreast of developments within the field of neurorehabilitation.

#### **Service provided – type of neurorehabilitation service**

Produce a detailed outline of the type of service that it provides, including the number of service users, the aims of the service and its key / principle service objectives.

#### **Neurorehabilitation specific unit**

Service is solely dedicated to neurorehabilitation.

#### **An ABI service specific accreditation**

Has or is working towards gaining accreditation by a specific acquired brain injury accreditation body.

#### **Outcome measures**

Use of outcome measures appropriate for the service it provides as recommended / identified by INPA.

#### **Rehabilitation within a defined time frame**

The service provides an active rehabilitation pathway which demonstrates discharge planning from the outset.

#### **Testimonials from two stakeholders (not customers)**

Provide testimonials of service delivery from two key stakeholders who have used/commissioned their service over the last 18 months.
