

Pupil Premium

Pupil Premium is targeted funding specifically aimed at the most deprived learners to enable them to receive the support they need to reach their potential and to help all education placements reduce educational inequalities. Pupil Premium funding is also provided in respect of children in care who have been continuously looked after for at least six months and for children of parents serving in the armed forces. Pupil Premium funding is awarded on a financial year basis annually in April. There is a statutory requirement from September 2012 for all schools to report on their Pupil Premium allocation, spend and impact by the end of the academic year.

Key Priorities

- To consistently improve outcomes and life chances of all Pupil Premium learners.

As a College we expect to see:

- High quality education with personalised interventions
- Raised levels of participation in extra-curricular activities
- Improved opportunities to access education on the wards

Due to the mobile nature of our student population we adopt a flexible approach to supporting our most deprived learners so that we work with all disciplines to determine how the PP is spent most effectively.

How Will Impact Be Measured?

Impact is tracked, monitored and evaluated by the SENCO and Curriculum lead.

Every year PP spending is discussed with SLT as to successes, impacts and next steps.

Ongoing Plans

A priority is to continue and extend to offer a broad range of curriculum and extra-curricular activities with both internal and external providers and to ensure that all learners are equipped to engage with their learning fully.

Amount of Pupil Premium St Andrew's received

Academic Year September 2019 – August 2020: £3,180.00
