

3RD INTERNATIONAL CONFERENCE TRAUMA INFORMED CARE IN PRACTICE

"TRAUMA FRAMEWORKS: EVIDENCE BASE AND TREATMENTS"

TUESDAY 29TH NOVEMBER 2022
ONLINE (#TIC2022)

Trauma frameworks continue to grow in prominence and impact. During a period of significant expansion for trauma diagnoses and interventions, it is important that clinicians and academics develop clinical practice approaches that work for the heterogeneous populations and nature of trauma needs. #TIC2022 brings together global experts to offer a comprehensive clinically focused programme to provide clinicians and academics with the latest evidence and guidance to inform clinical practice and service development for the betterment of service users and healthcare workers.
